

## Harmondsworth Village – London Borough of Hillingdon Proposed Heathrow expansion

Harmondsworth Village (London Borough of Hillingdon) with its 12th Century Church and 15th Century Barn (Grade 1 listed and a scheduled Ancient Monument). The proposed third runway would end less than 200 metres from the church. Like much of the land around Heathrow the land in the foreground is no longer in agricultural use, presumably in anticipation of the permission being obtained for the construction of a third runway at Heathrow.
