

Greener Streets: Creating great residential streets for pedestrians

26th June 2025

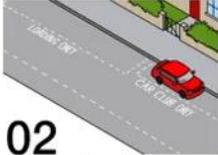

Residential streets

12 design elements

01
Residential and disabled parking spaces marked

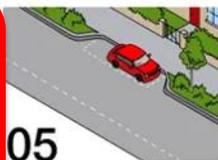

02
Loading bays for deliveries, car share bays

03
Secure resident cycle parking and visitor cycle parking

04
Street trees at regular intervals on build outs

05
Rain gardens

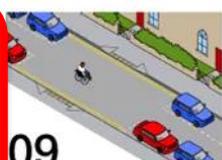

06
Front gardens green, driveways limited

07
Low traffic and slow traffic

08
Carriageways without any excess width

09
Crossings every 100m with clear sight lines and flush drop kerbs

10
Clear & even pavement, no obstructions, minimum 2m width

11
Street parks: places to play, rest and relax

12
Junctions clear of parking, small turn radii

- 04 Street trees at regular intervals on build-outs
- 07 Low traffic and slow traffic
- 08 Carriageways without any excess width
- 10 Clear and even pavement, no obstructions, minimum 2m width
- 11 Street parks, places to play, rest and relax
- 12 Junctions clear of parking, small turn radii.
